FOR EVERY PITCH

'PITCHING PRACTICE'

TO SUPPLY A LONG FELT NEED.

* * * *

ALL THE PRACTICE PITCHING YOU WANT **AND**

YOU DON'T NEED A CATCHER!!

"PITCHING PRACTICE" is a newly developed outdoor or indoor training and recreational device. It is a full scale Home Plate and Catcher assembly lending itself to serious and exact practice for pitching control. It operates with the insertion of a coin and delivers 10 balls to the player.

Each pitch result is registered on an overhead scoreboard with the following possibilities: Strike; Ball; High; Low; Outside; Inside; Low Outside; Low Inside; High Outside; High Inside. As the full inning is pitched each strike and ball is recorded. Finally the pitching percentage is indicated to the player.

"PITCHING PRACTICE" IS NOT A NOVELTY ! ! !

CONTINUOUS PLAYER APPEAL.

BASIC AND FUNDAMENTAL PLAY.

SPECIFICATIONS:

Folding framework of steel pipe, easily assembled. Heavy duty canvas front shields and receiving pocket. Sensitive pneumatic recording platen breaks down each pitch into accurately defined zones. . . . Automatic ball return.

Machine reloads itself for next player. Batter and catcher are in full size and full color. Frame size 6' x 7' x 5'. Suggested distance from coin box and ball pickup to Home Plate - 20' to 45'. All metal ball return Chute supplied 10¢ or 25¢ Coin Chute.

BUILT TO LAST—FINE ENGINEERING.

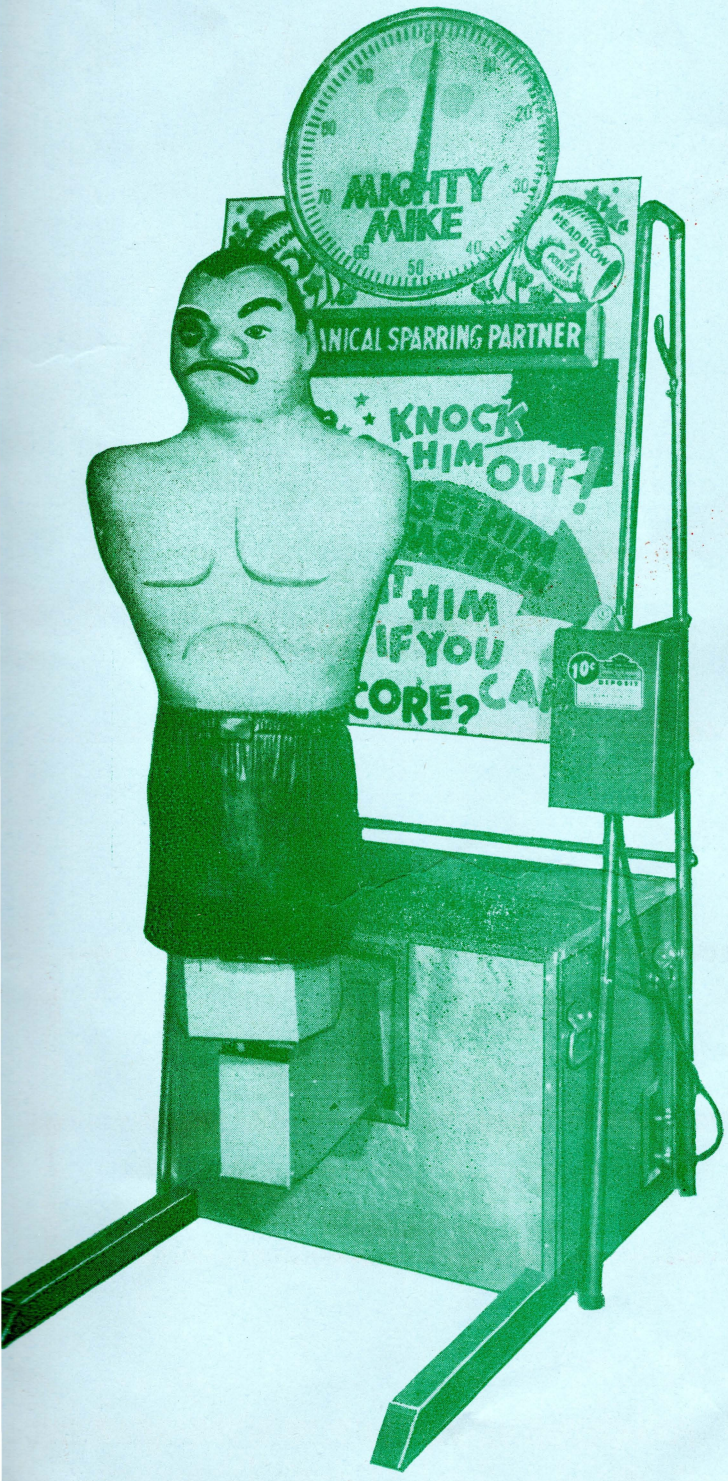
The Most Sensational Coin Operated Device In Years!

"MIGHTY MIKE"

The Mechanical Sparring Partner



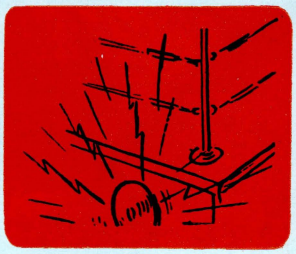
HE DUCKS

HE WEAVES

HE BOBS

JUMPS BACK

DARTS FORWARD



But.. You Can Knock Him Out!

You Score When You Hit!

A THRILL FOR THE AMATEUR

A CHALLENGE FOR THE EXPERT

An eye-catching, crowd-stopping, tremendously appealing amusement and athletic device for everyone. A wonderful fall guy for your excess steam and energy.

"MIGHTY MIKE"

"MIGHTY MIKE" is a new training and amusement device. Basically, it is a heavily built motor mechanism, designed to stand up well under any abuse, which supports and activates a life size figure of a boxer. This mannikin, molded of latex and sponge, moves in all three dimensions, simulating all the weaving, dodging and ducking of a clever boxer. When you succeed in hitting "MIKE" you score on any of three independent recording systems . . . to the head . . . to the body . . . and foul or "below the belt". All punches are recorded in points on a wall-hung or floor stand scoreboard.

SPECIFICATIONS:

Dimensions: base area 30" x 46"; maximum height of manniken in motion - 5' 10"; top of floorstand type of scoreboard - 7' 2".

Mechanism: heavy all steel construction; has unique triple gear box with hardened steel worm and oversize bronze gears; tapered roller bearings, sealed ball bearings, roller bearings; ½ HP heavy duty sealed motor.

Manniken: Pure latex skin ¼" thick and reinforced; interior of sponge and foam rubber capable of absorbing **ANY** blow; special sensitive recording mechanisms inside of body.

Scoreboard: Large circular dial, reading from zero to one hundred; (one point for body blow, two points and bell for head blow, buzzer and light for foul blow, knockout bell for 100 points); Scoreboard may be wall-hung or on chrome tube floor type stand.

Movement: Manniken has three dimensional action . . . up and down, side to side, and front to back in a completely irregular and unpredictable motion pattern. There is no way of knowing where "Mike" will be at any moment.

Coin Box: (If used in connection with MIGHTHY MIKE.) May be had with dime chute, quarter chute, or a combination of two nickels or one dime (at an extra charge). The time cycle will be set at the factory for 15 seconds, 20 seconds, 30 seconds or one minute, at option of purchaser. 30 seconds is standard.

SPECIFICATIONS SUBJECT TO CHANGE WITHOUT NOTICE.
